### SESSION REPORT – Race 2

Race 2 was normally started after the formation lap in 16:14. In T2 in the first racing lap suddenly truck No. 24 blocked its wheels, left the track and heavily crashed into the barrier (tyre barrier covered by the conveyor belt in front of the guardrail). In base of this crash was race immediately red flagged. Driver escape the truck by himself, transported to the medical centre for a medical check.

The maintenance team of the circuit starts immediately their work on the recovery the truck, which was partly behind the guardrail and with the rear axle on the guardrail. All the safety installation was damaged because of the crash, but works perfect.

Repair of the safety installation in the condition, which will be acceptable from the safety site will take one hour or more. Exact timeframe of the reparation could not be more specified at the moment.
